THE YELLOW EATON (Dr. Cronhyatekha) A bright yellow sport from Timothy Eaton, only a shade or two lighter than Appleton, and especially valuable as the very best in its color to follow that fine variety up to the close of the Chrysanthemum season. Foliage very beautiful, stems first rate, quite strong enough to hold up the monster blooms, which do not show the coarseness sometimes attributed to Eaton; for everybody's use and for commercial purposes, as well as for show, we can cheerfully recommend this grand variety; it is strictly A No. 1. Use second crown bud.
